CONTENTS

NEW SERIES, VOLUME 8, NUMBER 29, JANUARY 1939

On Spontaneous Pneumothorax. By Kenneth M. A. Perry. With Plates 1 and 2	1
Insulin Resistance and the Diagnosis of Thyroid Disease. By W. J. Griffiths	23
Further Studies of Plasma Lipids in Toxic Goitre: Evidence suggesting a Bimodal Distribution. By Eldon M. Boyd and W. Ford Connell	41
Plasma Lipids in Anxiety States and their Comparison with the Lipopenia of Hyperthyroidism. By Eldon M. Boyd, W. Ford Connell, and Arthur M. Doyle	47
Obesity, Hypogenitalism, Mental Retardation, Polydactyly, and Retinal Pigmentation. The Laurence-Moon-Biedl Syndrome. By Arnold Sorsby, Harold Avery, and E. A. Cockayne	51
Substitution Therapy in Hypopituitarism. By A. W. Spence and L. J. Witts. With Plate 3	69

NUMBER 30, APRIL 1939

Benign Broncho-pulmonary Inflammations associated with Transient Radiographic Shadows. By Hugh Ramsay and J. G. Scadding. With Plates 4 to 6	79
Hereditary Ectodermal Dysplasia of Anhydrotic Type. By P. C. C. de Silva. With Plates 7 to 9	97
The Secretin Test of Pancreatic Function. By Henrik Lagerlöf	115
Sternal Puncture in the Diagnosis of Diseases of the Blood-forming Organs. By Ronald Bodley Scott. With Plates 10 to 12	127
The Agglutination of Suspensions of Virus-like Particles prepared from Exudates in Acute Rheumatic Fever. By G. Hardy Eagles and W. H. Bradley	173

NUMBER 31, JULY 1939

The Cerebral Blood-flow in Arterial Hypertension, Arteriosclerosis, and High Intracranial Pressure. By Denis Williams and William G. Lennox	185
The Effect of Pituitary Thyrotropic Extract in Subjects with Low Basal Metabolic Rates. By E. P. Sharpey-Schafer and I. Schrire. With Plate 13	195
The Treatment of Chronic Hypoparathyroidism. By Ian A. Anderson and Alexander Lyall	209
The Differential Diagnosis of Forms of Basophilism (Cushing's Syndrome), particularly by the Estimation of Urinary Androgens. By A. C. Croke and R. K. Callow. With Plates 14 to 17	233
The Causation of the Low Blood-sugar Curve in Coeliac Disease. By Theodore Crawford	251
Rheumatic Heart Disease as met with in Hospital Practice in Ceylon. By P. B. Fernando. With Plate 18	261

NUMBER 32, OCTOBER 1939

Simmonds's Disease due to Post-partum Necrosis of the Anterior Pituitary. By H. L. Sheehan	277
Experimental Leucocytosis in Man. By N. G. Nordenson	311
Atypical Haemolytic Anaemias. By F. Graham Lescher and Gladstone R. Osborn, with technical assistance from J. J. G. Bates. With Plates 19 to 21	335
The Nature of the Arteriolar Hypertonicity in Acute Glomerulo-nephritis. By W. Melville Arnott and G. Douglas Matthew	353
A Study of Some Serum Electrolytes in Hypertension. By O. L. V. S. de Wesselow and W. A. R. Thomson. With Plate 22	361
Proceedings of the Association of Physicians of Great Britain and Ireland, 1939. Thirty-third Annual General Meeting	375

INDEX OF CONTRIBUTORS

ANDERSON, I. A. The Treatment of Chronic Hypoparathyroidism	209
ARNOTT, W. M. Nature of Arteriolar Hypertonicity in Acute Glomerulonephritis	353
AVERY, H. Obesity, Hypogenitalism, Mental Retardation, Polydactyly, and Retinal Pigmentation. The Laurence-Moon-Biedl Syndrome	51
BATES, J. J. G. Atypical Haemolytic Anaemias. With Plates 19 to 21	335
BOYD, E. M. Further Studies of Plasma Lipids in Toxic Goitre: Evidence suggesting a Bimodal Distribution	41
———— Plasma Lipids in Anxiety States and their Comparison with the Lipopenia of Hyperthyroidism	47
BRADLEY, W. H. Agglutination of Suspensions of Virus-like Particles prepared from Exudates in Acute Rheumatic Fever	173
CALLOW, R. K. The Differential Diagnosis of Forms of Basophilism (Cushing's Syndrome), particularly by the Estimation of Urinary Androgens. With Plates 14 to 17	233
COCKAYNE, E. A. Obesity, Hypogenitalism, Mental Retardation, Polydactyly, and Retinal Pigmentation. The Laurence-Moon-Biedl Syndrome	51
CONNELL, W. F. Further Studies of Plasma Lipids in Toxic Goitre: Evidence suggesting a Bimodal Distribution	41
———— Plasma Lipids in Anxiety States and their Comparison with the Lipopenia of Hyperthyroidism	47
CRAWFORD, T. The Caustion of the Low Blood-sugar Curve in Coeliac Disease	251
CROOKE, A. C. The Differential Diagnosis of Forms of Basophilism (Cushing's Syndrome), particularly by the Estimation of Urinary Androgens. With Plates 14 to 17	233
DE SILVA, P. C. C. Hereditary Ectodermal Dysplasia of Anhydrotic Type. With Plates 7 to 9	97
DE WESSELOW, O. L. V. S. Study of Some Serum Electrolytes in Hypertension. With Plate 22	361
DOYLE, A. M. Plasma Lipids in Anxiety States and their Comparison with the Lipopenia of Hyperthyroidism	47
EAGLES, G. H. Agglutination of Suspensions of Virus-like Particles prepared from Exudates in Acute Rheumatic Fever	173
FERNANDO, P. B. Rheumatic Heart Disease as met with in Hospital Practice in Ceylon. With Plate 18	261
GRIFFITHS, W. J. Insulin Resistance and the Diagnosis of Thyroid Disease	23
LAGERLÖF, H. Secretin Test of Pancreatic Function	115
LENNOX, W. G. The Cerebral Blood-flow in Arterial Hypertension, Arteriosclerosis, and High Intracranial Pressure	185
LESCHER, F. G. Atypical Haemolytic Anaemias. With Plates 19 to 21	335
LYALL, A. The Treatment of Chronic Hypoparathyroidism	209
MATTHEW, G. D. Nature of the Arteriolar Hypertonicity in Acute Glomerulonephritis	353
NORDENSON, N. G. Experimental Leucocytosis in Man	311

OSBORN, G. R. Atypical Haemolytic Anaemias. With Plates 19 to 21	335
PERRY, K. A. M. On Spontaneous Pneumothorax, With Plates 1 and 2	1
Proceedings of the Association of Physicians of Great Britain and Ireland, 1939. Thirty-third Annual General Meeting	375
RAMSAY, H. Benign Broncho-pulmonary Inflammations associated with Transient Radiographic Shadows. With Plates 4 to 6	79
SCADDING, J. G. Benign Broncho-pulmonary Inflammations associated with Transient Radiographic Shadows. With Plates 4 to 6	79
SCHBIRE, I. The Effect of Pituitary Thyrotropic Extract in Subjects with Low Basal Metabolic Rates. With Plate 13	195
SCOTT, R. B. Sternal Puncture in Diagnosis of Diseases of Blood-forming Organs. With Plates 10 to 12	127
SHARPEY-SCHAFER, E. P. The Effect of Pituitary Thyrotropic Extract in Subjects with Low Basal Metabolic Rates. With Plate 13	195
SHEEHAN, H. L. Simmonds's Disease due to Post-partum Necrosis of the Anterior Pituitary	277
SORSBY, A. Obesity, Hypogenitalism, Mental Retardation, Polydactyly, and Retinal Pigmentation. The Laurence-Moon-Biedl Syndrome	51
SPENCE, A. W. Substitution Therapy in Hypopituitarism. With Plate 3	69
THOMSON, W. A. R. Study of Some Serum Electrolytes in Hypertension. With Plate 22	361
WILLIAMS, D. The Cerebral Blood-flow in Arterial Hypertension, Arterio- sclerosis, and High Intracranial Pressure	185
WITTS, L. J. Substitution Therapy in Hypopituitarism. With Plate 3	69

INDEX

- Acute rheumatic fever, exudates in agglutination of suspensions of virus-like particles from, 173.
- Agglutination of suspensions of virus-like particles prepared from exudates in acute rheumatic fever, 173.
- Anaemias, haemolytic, atypical, 335.
- Anaemias, sternal puncture in, 127.
- Androgens, urinary, differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of, 233.
- Anterior pituitary, Simmonds's disease due to post-partum necrosis of, 277.
- Anxiety states, plasma lipids in, and their comparison with lipopenia of hyperthyroidism, 47.
- Arterial hypertension, arteriosclerosis, and high intracranial pressure, cerebral blood-flow in, 185.
- Arteriolar hypertonicity, nature of, in acute glomerulo-nephritis, 353.
- Arteriosclerosis, and high intracranial pressure, cerebral blood-flow in arterial hypertension, 185.
- Atypical haemolytic anaemias, 335.
- Basophilism (Cushing's syndrome), differential diagnosis of forms of, particularly by estimation of urinary androgens, 233.
- Benign broncho-pulmonary inflammations associated with transient radiographic shadows, 79.
- Blood-forming organs, diseases of, sternal puncture in, 127.
- Blood-flow, cerebral, in arterial hypertension, arteriosclerosis, and high intracranial pressure, 185.
- Blood-sugar curve, low, causation of, in coeliac disease, 251.
- Broncho-pulmonary, benign, inflammations, associated with transient radiographic shadows, 79.
- Causation of low blood-sugar curve in coeliac disease, 251.
- Cerebral blood-flow in arterial hypertension, arteriosclerosis, and high intracranial pressure, 185.
- Coeliac disease, low blood-sugar curve in, causation of, 251; intravenous curve in, 253; response to insulin in, 258.
- Creatinuria in thyroid disease, 31.
- Cushing's syndrome, differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of urinary androgens, 233.
- Differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of urinary androgens, 233.
- Diseases of blood-forming organs, sternal puncture in, 127.
- Dysplasia, ectodermal, hereditary, of anhydrotic type, 97.
- Ectodermal dysplasia, hereditary, of anhydrotic type, 97.
- Effect of pituitary thyrotropic extract in subjects with low basal metabolic rates, 195.
- Electrolytes, some serum, in hypertension, 361.
- Experimental leucocytosis in man, 311.
- Goitre, toxic, further studies of plasma lipids in, 41.
- Glomerulo-nephritis, acute, nature of arteriolar hypertonicity in, 353.
- Haemolytic anaemias, atypical, 335.
- Heart-disease, rheumatic, as met with in hospital practice in Ceylon, 261.
- Hereditary ectodermal dysplasia of anhydrotic type, 97.
- Hypertension, some serum electrolytes in, 361.
- Hypertension, arterial, arteriosclerosis, and high intracranial pressure, cerebral blood-flow in, 185.
- Hyperthyroidism, lipopenia of, plasma lipids in anxiety states and their comparison with, 47.
- Hypertonicity, arteriolar, nature of, in acute glomerulo-nephritis, 353.
- Hypoparathyroidism, chronic, treatment of, 209.
- Hypopituitarism, substitution therapy in, 69.
- Infection, sternal puncture in, 165.
- Infections, tropical, sternal puncture in, 165.

- Insulin resistance and the diagnosis of thyroid disease, 23; creatinuria in thyroid disease, 31.
- Insulin, response to, in coeliac disease, 258.
- Intracranial pressure, high, cerebral blood-flow in arterial hypertension, arteriosclerosis and, 185.
- Intravenous glucose curve in normal subjects, 252; in coeliac disease, 253.
- Laurence-Moon-Biedl syndrome, 51; components of syndrome, 53.
- Leucocytosis, experimental, in man, 311.
- Lipopenia of hyperthyroidism, plasma lipids in anxiety states and their comparison with, 47.
- Man, experimental leucocytosis in, 311.
- Metabolic rates, low basal, effect of pituitary thyrotropic extract in subjects with, 195.
- Organs, blood-forming, diseases of, sternal puncture in, 127.
- Pancreatic function, secretin test of, 115; secretin effect, 117.
- Pituitary thyrotropic extract, effect of, in subjects with low basal metabolic rates, 195.
- Plasma lipids in toxic goitre, further studies of, 41; in anxiety states and their comparison with the lipopenia of hyperthyroidism, 47.
- Pneumothorax, spontaneous, on, 1.
- Radiographic shadows, transient, benign broncho-pulmonary inflammations associated with, 79.
- Rheumatic fever, acute, exudates in, agglutination of suspensions of virus-like particles from, 173.
- Rheumatic heart-disease as met with in hospital practice in Ceylon, 261.
- Secretin test of pancreatic function, 115; secretin effect, 117.
- Serum electrolytes, some, in hypertension, 361.
- Simmonds's disease due to post-partum necrosis of the anterior pituitary, 277.
- Sternal puncture in diagnosis of diseases of blood-forming organs, 127; sternal puncture in anaemias, 133; reticulosis and reticulosarcoma, 151; leukoses, 151; myelosclerosis, 159; erythrosis, 159; lymphadenoma verum, 160; infectious mononucleosis, 161; lipoidosis, 161; reticulosarcoma, 162; myelomatosis, 162; metastatic neoplasms of bone, 163; agranulocytosis, 164; idiopathic thrombocytopenic purpura, 164; sternal puncture in infection, 165; sternal puncture in tropical infections, 165.
- Thyroid disease, diagnosis of, insulin resistance and, 23; creatinuria in, 31.
- Thyrotropic extract, pituitary, effect of, in subjects with low basal metabolic rates, 195.
- Treatment of chronic hypoparathyroidism, 209.
- Tropical infections, sternal puncture in, 165.
- Urinary androgens, differential diagnosis of forms of basophilism (Cushing's syndrome), particularly by estimation of, 233.

The Journal of Pathology and Bacteriology

The Official Journal of the Pathological Society of
Great Britain and Ireland.

EDITED BY

M. J. STEWART

G. R. CAMERON

H. D. WRIGHT

FOUNDED IN 1832 BY G. SIMS WOODHEAD

THE Journal is published Bi-monthly. The Annual Subscription is £3 (post free). All editorial communications to be addressed to Professor M. J. STEWART, School of Medicine, Leeds. Business communications and payment for subscriptions should be addressed to The Publishers, OLIVER & BOYD LTD., Tweeddale Court, Edinburgh.

CONTENTS OF SEPTEMBER 1939. VOL. XLIX. No. 2.

- CHOWN, BRUCE, MARGARET LEE, JOHN TEAL, and ROBERT CURRIE. On the experimental production of nephritis in rats by means of parathyroid hormone and of vitamin D (Plates XLVI-XLIX).
- HUME, E. M., R. BURBANK, and V. KORENOCHEVSKY. Some effects of the administration of oestrogens on the organs of castrated and non-castrated male rats partially deprived of vitamin A (Plates L-LIV).
- MUIR, ROBERT. Further observations on Paget's disease of the nipple (Plates LV-LVIII).
- CARNE, H. R. A bacteriological study of 134 strains of *Corynebacterium ovis* (Plates LIX and LX).
- LOVELL, REGINALD. The *Corynebacterium pyogenes* antitoxin content of animal sera.
- OAG, R. KNIGHT. The growth of *Borrelia duttoni* in the developing egg (Plate LXI).
- VAN ROOYEN, C. E. The chemical composition of the molluscum contagiosum inclusion body (Plates LXII-LXIV).
- CALDER, R. M. Autoplastic splenic grafts: their use in the study of the growth of splenic tissue (Plates LXV-LXVIII).
- CAMERON, G. R., CECILE R. DONIGER, and A. W. MCKENNY HUGHES. The toxicity of lauryl thiocyanate and *N*-butyl-carbitol-thiocyanate (lethans 394) (Plates LXIX-LXXI).
- ENGEL, STEFAN, and G. H. NEWNS. Observations on the musculature of the lung in children.
- GUTHRIE, KATHARINE J., and GEORGE L. MONTGOMERY. Infections with *Bacterium enteritidis* in infancy with the triad of enteritis, cholecystitis and meningitis.
- HARE, RONALD. The effect of passive immunisation on experimental virus influenza in mice.
- SHORT ARTICLES—F. W. WHEBAS, Squamous-celled carcinoma of the tonsil in the dog (Plate LXXII). M. N. DE and B. P. THAKUR, A mixed epidermoid and mucous-secreting carcinoma of the parotid gland (Plate LXXIII). C. A. GREEN, Steel ball mill for bacteriological purposes (Plate LXXIV).
- OBITUARY—Jean René Perdrau (Plate LXXV). Louis Gross.
- BOOKS RECEIVED.
- PROCEEDINGS OF THE PATHOLOGICAL SOCIETY OF GREAT BRITAIN AND IRELAND, 7th and 8th July 1939.

Complete sets, volumes I to XLVIII, also several odd volumes, are available, and particulars as to price may be obtained on application to the publishers, or through any bookseller.
